

# How often do you videoconference with a dog?

We invite you (7-12 grade students) to the upcoming Kesher-Konnections session on the **IDF** - Israel Defense Forces.

*This time we will hear about **Oketz**  
the IDF dog combat unit.*

*The unit specializes in training and handling dogs for military applications, fighting terrorists as well as protecting the soldiers during battle. An Oketz fighter and her dog will talk to us from Israel via videoconference.*

*Following the videoconference, a former **IDF** officer will give us a sample of physical army training and basic ideals and morals on which the IDF is based on.*

You will also get to meet teens your age from other organizations, and have lots of fun. This program includes a free lunch too.

**Sunday, November 22, 2009,  
11:30 a.m. - 1:00p.m.  
@ MJHS - 1203 Ridgeway Rd, Suite 203**

**See you there!  
The Kesher-Konnections Teen Board Members**
